

International Prayer Connections

A Monthly Journal to Guide Intercession for Our World

APRIL 2019

Greetings!

We are pleased to bring you IPC Connections for April 2019.

We trust you will be blessed and encouraged as you read the editorial this month, which is an exhortation to know and experience the Glory of God. (Psalm 34)

We thank God for the declaration that the so-called Islamic State has been crushed, with the final few militants being disarmed in Syria this week. We are thankful for answered prayers last month following the stand-off between Pakistan and India – see the article below.

We continue to uphold Afghanistan and Nigeria where there are militant strongholds. We also spotlight Australia, India and Indonesia in this edition, who have forthcoming elections.

International Prayer Connections is produced and distributed freely each month to inform God's praying people around the world. We are grateful to those who have given generously to enable this to happen and continue to need such support for this and our other transformational prayer initiatives.

If you can make a gift towards our costs by giving to our funding arm, the Transformation Prayer Foundation, we would appreciate it. Please [click here](#).

Thank you for partnering with us in prayer in these crucial times.

Wishing you His continued blessings, equipping and guidance in 2019.

01 Editorial: The WOW Factor!

"The heavens declare the glory of God, and the sky above proclaims his handiwork. Day to day pours out speech, and night to night reveals knowledge" (Psalm 19:1-2).

I am always amazed when I read and study the vastness of creation! My son and I just finished studying a book called Indescribable, by Louie Giglio and Matt Redman.

We learned that astronomers now estimate there to be around 70 million millionmillion stars in the visible universe alone.

According to the best estimates of astronomers there are at least one hundred billion galaxies in the observable universe. And our solar system is tiny compared to our Milky Way galaxy. By way of comparison, scientists say the size of our solar system relative to the Milky Way would be roughly the size of a quarter in an area as big as North America! One of the largest stars in our known universe is the IRS 65. If our sun stood only 18 inches high, then in comparison IRS 65 would stand as tall as Mount Everest.

Next up we learned about Neutron stars. Talk about the wow factor. Some astronomers estimate that neutron stars may actually be ten trillion times denser than steel. Some neutron stars spin at rates of up to six hundred times per second. Wow! Astronomers estimate that the sun is around 27 million degrees Fahrenheit at its core. It burns up around 4 million tons of its own mass every second. And it's so huge that even at that rate it would last another 5 to 6 billion years! And the sun is just an average star in the universe among billions of others!

Job says, "Stop and consider God's wonders..." (Job 37:14).

"He determines the number of the stars; he gives to all of them their names." (Psalm 147:4).

"I am the Lord, who has made all things, who alone stretches out the heavens" (Isa 44:24).

Genesis says that God spoke these galaxies into existence with mere sentences. He upholds all things by the word of his power! Wow! And yet Job declares that these are the mere fringes of his works,

"how faint the whisper we hear of him? Who then can understand the thunder of his power?" (Job 26:14).

I believe the thunder of God's power speaks of God's person, not just what he does but who He is! He is the All-Consuming One, the All-Sufficient One, the All-Satisfying One, and the All-Deserving One!

As David Bryant writes,

"He defies all human categories; there is no language that can adequately describe Him. He is the incomparable One! He remains in a class by himself...no duplicates, no clones. His importance eclipses all

others. He outranks every other being in Heaven, earth, or hell. He is the exalted One; for all eternity he holds the primary focus of our praises. He holds a position of unrivaled distinction, prestige, and majesty.

He will be the joy of all peoples, the desire of all nations. He is the Victorious One. None of his enemies will prevail, he will defeat all of his foes unconditionally-both human and demonic and will emerge forever unthreatened, unhindered, and victorious over all opposition, permanently and forever.

He is the Preeminent and Supreme One...in time and space and history he lays claim to the universe, it all belongs to Him. He is the all sufficient One. Nothing can exhaust his power or resources. He will forever prove totally adequate for all of our longings, fears, needs or heart cries. He is faithful and true!"(David Bryant, Christ is All, pg. 41-42)

He is indescribable in his beauty, unfathomable in his wisdom! He is outstanding! He is the well-spring of eternity, the fountainhead of all glory; glory that flows from him and through him and back to him! He is the dazzling one, the radiant one, the chandelier of heaven, and the Light of the World! Jesus' countenance is said to be brighter than the sun. The worth of Jesus is so stunning that the angelic host of the heavens collapse under the weight of his Glory! Literally 100 million angels catch a glimpse of Glory and fall down saying, "Worthy is the Lamb who was slain to receive power and wealth, and wisdom and mighty and honor and glory and blessing" (Rev. 5:12).

One of the most astounding verses in Scripture is found in Revelation 20:11,

"Then I saw a great white throne and him who was seated on it. From his presence earth and sky fled away, and no place was found for them."

The entire universe flees away and is no more when God turns his face towards creation at the end of the age! Wow! There are simply no words to adequately describe the awesome power, presence and glory of the uncreated God. The more we understand the Scriptures, the more majestic and magnificent and awesome Jesus Christ is. May our worship, prayer and service to Him be a direct reflection of that wonder and awe!

And to think that this God is the God who pursues us, who takes delight in us, who enjoys us even in our weakness! As Zephaniah 3:17 (ESV) declares, "The Lord your God is in your midst, a mighty one who will save; he rejoices over you with gladness; he quiets you by his love; he will exult over you with loud singing."

I believe it is God's aim to ravish the affections of the human race with irresistible displays of his GLORY!

We were made to know and experience the Glory of God! To enjoy and treasure the Glory of God! His glory becomes our JOY! He is our great Treasure. He is our exceeding Joy! (Psalm 34).

Amen and Amen!

02 Year of the Frontier May 2019-June 2020

"Year of the Frontier" is a time to pray in agreement for the largest gaps in work among the unreached! Frontier Peoples are those unreached groups which have fewer than 1 in 1,000 believers and little work among them.

These groups represent huge gaps for the gospel. In particular, Year of the Frontier will focus on the approx. 400 Frontier people groups over 500,000 in size each for daily specific prayer May 2019-June 2020.

This steps up from The Thirty-One booklet (which covered the 31 largest Frontier Peoples).

The 400 Frontier People Groups (over 500,000 in population):

- 1 in 5 of all people live in the 400 largest FPGs.
- 1 in 3 of all who don't identify with Jesus live in the 400 largest FPGs.
- 9 of every 10 who live in Frontier People Groups live in the 400 largest FPGs.

Until Jesus-followers unite in obeying His commission, these masses have no hope of hearing about and being introduced to Jesus before they die.

The Great Injustice:

- 1 in 9,000 living in the 400 largest FPGs identifies with Jesus in any way.
- 1 in 15,000 living in the 400 largest FPGs is estimated to follow Jesus.
- 1 in 100 cross-cultural laborers is estimated to work among these 400 FPGs.

03 Middle East - Special Prayer Effort - April 11-13

As this incense of worship and prayer has begun to rise across the Middle East, an unprecedented harvest is taking place among Muslim peoples. We have heard the same testimony in multiple nations across the region,

“As soon as we started the House of Prayer, we started seeing more salvations, healings and deliverance than ever before.”

Up until last year we had been doing these 50/100 hour Prayer and Worship gatherings together in Turkey and N. Iraq. Last year, the Lord gathered multiple nations across the Middle East to join in a symphony of prayer and worship together for 50 hours.

The dates for this year are April 11-13.

LOCATIONS:

As of now, there are multiple locations that are planning on hosting a 50 hours this April.

Turkey- ISTHOP

Jordan- JHOP

N. Iraq- MHOP

U.A.E- TASK

Egypt- The Upper Room - Alexandria (for 12 hours)

PRAYER POINTS:

We want there to be as much agreement as possible between the locations as we gather together. We will be contending together for five promises that the Lord has been speaking to us over the past few years.

We encourage you to take focused time over the 50 hours to pray through these promises as well as the numerous prophetic promises that are over your House of Prayer specifically.

1. Children/youth revival across the region.

This is becoming a major focus for this 50 hours. In the vision Rick Ridings had before the first 50 hours in 2014, he saw that a youth/children's revival arising out of the ME as the altar of worship and prayer was established. We are praying for Young Leaders (Timothys) to be raised up in the region and for spiritual fathers and mothers to mentor and come alongside them.

2.The nation of Syria.

Once again, we are surrounding this nation in prayer and worship. We believe there is a significant transition coming to Syria, possibly even during the 50 hours. We are praying for the rebuilding of the devastated cities (Isaiah 61) and for Mercy the people suffering in the nation..This 50 hours we will be praying for power in the evangelism happening in Syria and praying all the Syrians fleeing Syria to experience salvation wherever they go.

3. Establishment and strengthening of the Houses of Prayer across the Isaiah 19 highway.

For a prophetic worship movement to begun to be sung and altars of prayer and worship to be established. An indigenous prophetic worship movement among every people group and tribe across the highway. We are also praying for the Church to grow in the culture of adoration and prayer.

4. The Church in the Middle East.

For a release of Joy, strength for Pastors and leaders, and an indigenous missions and church planting movement. We are also continuing to carry a word for stadiums filled with believers boldly worshipping and praying.

5. For a great harvest among unreached peoples.

We believe that today is the day of salvation, now is the time for true repentance and true conversions across the Middle East! We are praying for eyes to be opened and the spiritual blindness to be lifted off in Jesus name! We are also contending for the growing number of atheist youth in the Middle East experience the power of God, witness miracles, and encounter Jesus.

We are so grateful for your leadership in this 50-hour prayer event. There is a strong sense from the Lord that each of these locations will be like an "upper room" environment where God want to release a spirit of prayer, unto baptisms of fire, unto gospel assignments!

I would encourage you to sensitive to what the Holy Spirit is doing in the room and flow with Him. This is about hosting the presence and glory of God for two days together across the entire region!

Go for His presence above all else!

Please pray with these five points in mind that there will be breakthrough after breakthrough across the needy and challenging region.

Let's trust God together to do something truly extraordinary, chaining the atmosphere in Syria, Iraq and the region as a whole.

04 UPRising Europe 8-11 July 2019

An invitation is going out across Europe for a unique gathering of 3,000 young people from all 51 nations of the continent, taking place in July 2019. United Prayer Rising (UPRising) Europe will draw together believers for 72 hours of united worship and prayer with a mandate to contend for a youth awakening across Europe.

JJ Waters, Director of UPRising Europe said, "Following God's lead, we are incredibly excited to gather together people from every nation in Europe to contend for a youth awakening. This is such a critical time for Europe – much is being shaken whilst at the same time God is moving powerfully in many nations. We believe He is doing something beautiful in the hearts of young people, in what is now one of the most unreached continents on earth. Now is the time to come together from different nations, across denominations, honouring fathers and mothers, and to worship and pray for a mighty move of God in Europe."

We want to invite young people and anyone with a heart for Europe, to save the dates – 8th to 11th July 2019 and to plan to be part of this event.

The backbone of UPRising Europe will be 72 hours of non-stop worship and prayer led by worship teams of young people from all over Europe. We want to see young people from each of their nations bringing their own unique flavour, style of music and worship songs in their own language alongside English songs. These are the grassroots, passionate worship and prayer leaders who are faithful to where God has placed them and willing to contend for Europe.

Out of this will flow prayer and intercession for Europe, with occasional inspiration from speakers in our main sessions and seminars. There will also be prayer for these young people to be sent with a lasting fire to see their cities and nations changed by Jesus.

UPRising Europe is part of the global UPRising movement that was birthed out of the World Prayer Assembly in 2012 in Indonesia. The first UPRising event was in Seoul, South Korea in July 2016. Since then, there have been UPRising events in the Philippines, South Africa, Mongolia, Bolivia, Malaysia, Canada, Chile, Mexico and California.

UPRising Europe will take place at Ashburnham Place, Battle, East Sussex – a Christian retreat and conference centre set in beautiful grounds with three lakes, gardens and an abundance of nature. Delegates will be able to stay in Ashburnham place itself or camp in the spacious grounds. We want to bring together young people from every nation in Europe and to make this event accessible to all. In order to do this, we intend to make ticket prices reasonable for those from all parts of Europe. If anyone or any church wishes to help subsidise these costs, please contact us via the website.

Anyone interested in finding out more and pre-registering for UPRising Europe can do so at the website: www.uprisingeurope.org Also, follow us on social media.

05 South East Asia Prayer Council - 8-11th Oct 2019 – Singapore

We would like to extend a warm invitation to the South East Asia Prayer Council Conference 2019 which takes place from 8th to 11th October 2019 at the Changi Village Hotel in Singapore.

We are grateful to Senior Pastor Djohan Handoyo from Bethany Church Singapore who is our Host this year. Pastor Handoyo along with Reverend Edmund Smith, founder and Director of Real Love Ministry (RLM) Melaka, Malaysia, will be speaking on the theme: **'From Glory to Glory' - How we experience His Glory!**

We look forward to welcoming delegates from the 11 nations of South East Asia as well as international visitors and IPC friends from around the world.

Prayers for the World:

07 Australia Elections: Global Prayer Request

Australia appeals for intercession and wisdom from the nations in its looming hour of crisis and hope.

The great Southland of the Holy Spirit, Australia, is pivoted on a historic threshold of persecution or reformation, or both, at the expected Federal election on the 11th or 18th of May.

At stake are many affronts to our Judeo-Christian heritage including the following:

Legal abortion to full term in all states and territories
Threat to our relationship with Israel including building an embassy in Jerusalem.
Removal of opening Parliament in prayer including the reference to humbly relying on Almighty God
Defunding of Chaplaincy
Removal of Charitable status for churches.
Imposition of gender fluidity doctrine on our children
Assault on freedom of thought, conscience and belief in many contexts including the curriculum in our Christian schools.
Government Christian Politicians are being specifically targeted by well-funded groups like GetUp! To the tune of hundreds of thousands of dollars per candidate. If they succeed there will be a decimation of Christian politicians who stand for our values.

PRAYER THOUGHTS

Please pray as you are led along the following suggestions and always subject to the Sovereignty and wisdom of our Heavenly Father:

That Australia will fulfil its mandate as the great Southland of the Holy Spirit.
That the church will arise as one through revelation of the Trinity's desire for our oneness in John 17, and not through persecution.
That even if it takes persecution for the His daughters and sons to become one, there will be understanding that even this is the Father's Mercy.
That wisdom counsel and might will be upon our praying Prime Minister especially as he deals with the aftermath and the traps following the Christchurch tragedy.
That if he is successful at the election, the Senate will enable him to govern to protect and advance the remnants of our Judeo-Christian heritage.
That if he is unsuccessful at the election, that the composition of the Senate will resist the spirits that have deceived politicians who think they are legislating for compassion, understanding and respect, but are being exploited by the cunning of the evil one.

That the demonic schemes to remove Christian politicians backfire and that not only those seats are held but that even more will be won.

That the Esthers, Deborahs, Daniels, Mordechais and Josephs and other modern equivalents are revealed and begin to fully function.

CONCLUSION

James 3:16 says that “where you have envy and selfish ambition, there you find disorder and every evil practice.” KJV

Australia has a Spirit-filled praying Prime minister who has ascended to authority in the opposite spirit of loyalty and faithfulness. Can we pray that Divine order and Godly practice will fill this land as an example and blessing to the nations?

Thank you for standing with us.

08 Indonesia Elections - Pray for Peace

A mighty day of prayer was launched on March 7th 2019 in Indonesia. By God’s grace and miracle, 555 cities, 511 cities in Indonesia and 44 cities overseas, participated in this Solemn Assembly to pray for the peace of Indonesia.

Hundreds of thousands gathered together in one accord across these 555 cities! No men, organization or churches could have made this happen where churches from different cities and denominations responded. Glory to His name and may His name only be exalted. Praise be to Jesus as the Prince of Peace who can bring peace to the nation of Indonesia.

Pray for the Peace of Indonesia was initiated by the prayer and church leaders in Indonesia, including the Council of Churches in Indonesia, Indonesian Evangelical Council, Indonesian Pentecostal Council, Catholic Bishop Conference of Indonesia, Salvation Army, Baptist, Orthodox, and the 7th day of Adventist Churches in Indonesia together with the Indonesian National Prayer Network, Transform World Connect Indonesia and My Home Indonesia.

These leaders, churches and organizations agreed to unite together to pray for the Presidential and Legislative election which will be held on the 17th of April, 2019.

On that date, Indonesians are heading to the polls to vote on the Presidential Candidates and also to elect the 711 seats at People Consultative Assembly. This election will decide the future and direction of this nation, politically and economically.

As the election is getting closer, the political situation is heating up. Issues of ethnicity, religion, race and intergroup relations are the dominating factors which are segregating and splitting the nation. Hoax, fake news and hate speech attract voters based on their ethnicity, race and religion.

It has created much tension and chaos in the nation among the radical, the moderate Moslem and the minority. As we all know, Indonesia population is 87 % Moslem. It is crucial that the President and

Legislators elect people who uphold truth, justice, tolerance, equality and stand for all races and religions in the fear of God.

This is why we called for a solemn assembly for the churches to humble themselves and pray and seek God's face and turn from our wicked ways. We trust the Lord will hear our cry from heaven, forgive our sin and heal our land (2 Chr. 7:14).

Please join us in praying for:

The call for unity among the body of Christ to reconcile, to unite, to pray and to stand together for this upcoming election.

The preparation of the Presidential and Legislative Election will be in order and free from intervention in 34 Provinces and 800,000 polls throughout the cities.

Indonesian National Police and National Armed Forces would remain neutral and would uphold justice and peace.

The General Election Commission would do their job honestly and without impartiality.

The voters will be free to vote wisely, cleverly, freely, directly, honestly and fairly with God's wisdom and without any intimidation.

Pray for the peace of God to cover the cities and nation.

Pray that God's chosen persons that will be elected. People who have high integrity, honest, true, just, tolerant and hold the value of morality and equality for all ethnicity, races and religions and persons who serve the people and nation and not just their group, religion or party.

Thank you for your prayer and stood with us. God bless you all.

09 India 2019 Elections – Urgent Call to Pray

As with most countries, India is no stranger to political drama. The last half-decade, however, have evidenced political activity that warrants extra attention. The author will aim to give a concise snapshot of the core issue so that readers will be better equipped to pray.

In India there is a religious organization known as RSS. It is often characterized by Hindu extremism; and is active at various levels of society. Because RSS cannot be a political party, it created a political party which is known as BJP. RSS therefore controls BJP. The BJP came into power in 2014, and its Prime Minister is Narendra Modi.

In 2014, seven states in India were controlled by BJP. By 2018, their rule had spread to 21 states. During this period of time, religious polarization has been on the rise, as has the persecution of Christians. Misuse of power (in the government) has become evident. Persons in authority who were viewed as threats or obstacles to the BJP have been removed and replaced with those in favor of it. If BJP is re-elected, the right people will be in the right places and the BJP will more easily be able to move its agenda forward.

In May 2019 India is holding its central government elections. This will be a key vote which will determine whether or not the BJP and Mr. Modi will have another five years at the helm. The RSS is well-organized

with people, as well as media, and is endeavoring to influence (in part with reportedly corrupt methods) the election results.

Many people are asking the same question: what will happen if the BJP wins in May? Here are a few key things that seem likely:

Top on the RSS/BJP agenda is to impose *Hindu Rashthra*. This basically means that they will try to make India an all-Hindu nation. An anti-conversion law will likely be passed immediately which would make it illegal for people to proselytize (to share their faith with the goal of converting those of differing faiths). As an all-Hindu nation, restrictions will be placed on Christians. RSS is already meting out persecution; it will only get worse if BJP wins in May.

Some Christians are already leaving India. For new converts, the aim of RSS/BJP will be to reconvert them to Hinduism. This all-Hindu thrust is a way that Satan is using to try to keep the people in darkness. All over India the Hindu people are praying to their gods and performing religious rites as a way to help further this effort.

In addition, BJP will try to close every Christian organization, especially Christian schools and orphanages as they believe that these are how people come to know Christ. One reason that RSS/BJP hates Christian schools so much is because they teach equality. BJP wants to keep the masses underfoot; to make the rich richer, and the poor poorer. Among the poor is where the Christian church has grown the most. BJP wants to eliminate that class of people (this is also where the majority of the Muslims, outcastes, and tribal people are found). It is estimated that 50% of India's population are in this class. BJP wants that class to stay poor, uneducated, and to be landless.

The good news, however, is that there appears to have surfaced some cracks in the BJP's seemingly unstoppable advance to gain control over all of India. These cracks have come in the form of the BJP's defeat in the state elections of Chhattisgarh, Madhya Pradesh, and Rajasthan, as well as their defeat in the May 2018 election in Karnataka. Additionally, an increase in cost of living, the introduction of a GST (Goods and Service Tax), and the demonetization which Modi imposed have had a cumulative negative impact on the economy, with the BJP to blame.

This is only a brief snapshot highlighting the core issue and the significant ramifications to Christians in India if a BJP re-election is won. May God stir our hearts away from apathy, and to our knees, asking and believing Him who is able to do what only He can do!

Here are a few key prayer targets as the May vote approaches:

- 1) That there will be division and disintegration within the RSS/BJP, and that God will thwart and prevent their re-election. *Daniel 2:21***
- 2) That – regardless of the outcome – God will give Christians in India boldness in their faith, and that the Gospel will continue to move forward. *Ephesians 6:19-20***
- 3) That God will stir the global Church to pray for India: in regards to the May elections, in regards to believers in India, and in regards to the millions in India which have yet to hear about HIM! *2 Peter 3:9***

10 Syria: Trump confirms continued US military presence

WASHINGTON — Two months after declaring all U.S. troops are leaving Syria, President Donald Trump wrote to members of Congress that he now agrees "100%" with keeping a military presence in Syria.

A bipartisan group of Senators and Representatives wrote to Trump on Feb. 22, applauding his decision to keep a small residual force in Syria.

"We support a small American stabilizing force in Syria," the group wrote, adding that a force "which includes a small contingent of American troops and ground forces from our European allies, is essential to ensure stability and prevent the return of ISIS."

In a copy of the letter obtained by NBC News, Trump highlighted a paragraph in the letter about the U.S. goals in Syria, which said, "Like you, we seek to ensure that all of the gains made in Syria are not lost, that ISIS never returns, that Iran is not emboldened, and that we consolidate our gains and ensure the best outcome in Geneva for American interests."

"I agree 100%. ALL is being done," President Trump responded, writing directly on the letter and signing it.

[Click here to read the letter](#)

Since before he took office, Trump has promised to end the fight against the Islamic State, criticizing the cost to the U.S. in both blood and treasure. In a video message on Twitter posted Dec. 19, 2018, the president said: "Our boys, our young women, our men, they're all coming back and they're coming back now. We won."

The Syrian Democratic Forces recently completed their mission against ISIS in the small area of land they controlled in the Middle Euphrates River Valley in Syria. U.S. military officials say the battle to re-take the final part of the town of Baghuz still held by ISIS had been slowed by the exodus of thousands of civilians and the terror group's use of some women and children as human shields.

Late last month, White House press secretary Sarah Sanders confirmed that some U.S. troops will stay in Syria after the Syrian Democratic Forces finish clearing out Baghuz.

"A small peace keeping group of about 200 will remain in Syria for period of time," Sanders said in a one-sentence statement. U.S. military officials have since confirmed the residual force could be double that and that some U.S. troops could stay in the northeastern part of the country, and others in southern Syria.

Praise God for this turnaround in President Trump's policy which will help to achieve and maintain peace and stability in Syria and the region.

Pray for the efforts to continue impartial peace talks in Geneva and for an end to be brokered to the seven years of civil war.

Pray for aid and support for the hundreds of thousands of displaced people and the many victims of this war.

11 Afghanistan Peace Talks

Please continue to be in prayer for Afghanistan where amidst a number of challenges and setbacks, there are significant efforts taking place to pursue peace talks between the Government, the Taliban, militant groups and tribal and religious leaders.

U.S. State Department spokesman Robert Palladino told journalists on March 5 that negotiations were continuing on "a daily basis right now and progress is being made."

"The discussions were ongoing and focusing on the four interconnected issues that are going to compose any future agreement," Palladino said, listing them as "terrorism," "troop withdrawal," "intra-Afghan dialogue," and a "cease-fire."

However, this longest round of peace talks between the United States and the Taliban has ended with "real strides" being made but without an agreement on troop withdrawals from Afghanistan, U.S. special envoy Zalmay Khalilzad said on March 12.

"The conditions for peace have improved. It's clear all sides want to end the war. Despite ups and downs, we kept things on track and made real strides," Khalilzad said on Twitter, adding that another round is possible later this month after the 16 days of negotiations in Qatar's capital, Doha. See:

<https://www.rferl.org/a/u-s--taliban-peace-talks-end-with-real-strides-made-but-no-deal/29818634.html?ltflags=mailer>

This last month has seen two militant led attacks on civilians and Government forces in Jalalabad and Helmand Province with the loss of dozens of lives. See: <https://www.rferl.org/a/afghanistan-jalalabad-double-suicide-attack/29806106.html?ltflags=mailer> AND <https://www.rferl.org/a/taliban-attack-afghan-military-base-helmand-gunbattle/29797634.html?ltflags=mailer>

A military source told RFE/RL that a top Afghan commander at the military installation had been killed in the attack. The assault on the base came while the U.S. peace envoy for Afghanistan was in Qatar for the latest round of peace talks. Peace negotiations resumed on March 2 following three days of talks with Taliban negotiators in Doha, aimed at finding a negotiated solution to Afghanistan's 17-year war.

The New York Times reported on March 1 that the proposal currently under discussion could include the withdrawal of U.S. forces in the next three to five years and the creation of a power-sharing government including the Taliban.

In the past, Khalilzad has tried to convince the Taliban to hold direct talks with representatives of Afghanistan's government. The Taliban has rejected that proposal.

In Kabul on February 28, Afghan President Ashraf Ghani reiterated that an Afghan-led peace process would provide lasting stability in the country.

"Afghanistan wants cooperation and collaboration, but Afghans and the legitimate government of Afghanistan should own the peace process," he said.

There are some 14,000 U.S. troops in Afghanistan, as well as thousands of European forces participating in NATO's Resolute Support mission.

Meanwhile, a planned meeting of hundreds of Afghan politicians and tribal, ethnic, and religious leaders aimed at discussing negotiations with the Taliban has been postponed, officials say. The gathering, known as a consultative Loya Jirga, was initially set to be held in Kabul from March 17-20. See:

Pray for those affected by the recent militant attacks and the medics and other professionals who are treating and supporting them.

Pray for breakthrough as the Afghan High Peace Council pursues reconciliation with the militants.

Pray for the US led talks, that they will open doors to meaningful dialogue between all parties and steps towards lasting peace.

12 Pakistan and India –Prayers Answered - War Averted

God performs miracles. War between India and Pakistan was averted, a war that likely would have ended in a nuclear war.

Let's see how God worked in answering prayer in circumstances that seemed impossible. "With man this is impossible, but with God all things are possible.(Matt 19:26)" Last month there was an article in the IPC entitled "India vs. Pakistan: dangerous standoff between two nuclear-armed countries." War tensions were rising extremely fast.

Both countries were sending warplanes across each other's borders. Pakistan shot down an Indian plane and captured its pilot. Both countries were bracing for an all-out war, nuclear weapons were being readied.

You were praying. God worked in miraculous ways to make men do what seemed incredibly impossible.

Prime Minister Khan of Pakistan announced in Parliament that Pakistan, as a "peace gesture," would release the captured Indian pilot. This took everyone by complete surprise. The pilot was given back to India three days later.

Why incredible? Both nations expected the usual treatment of this prisoner. He would be dishonored/lose face, as a representative of his country, as he was paraded through the streets of major cities in Pakistan as a symbol of what Pakistan had done. This would raise war tensions on both sides of the border.

Khan took an extraordinary chance in doing this. His own countrymen might well have overthrown him for making such a move, or the military could have taken over as everyone expected. But God was at work - all of Parliament, including the opposition parties, stood up and supported this move.

It took India by surprise. Some of their news outlets even wondered where Prime Minister Modi was during this emergency - he was out campaigning for his re-election.

An Ephesians 6:12 battle seemed to be taking place between the forces of evil and God's army.

Satan seemed to have the upper hand.

In the center of the 10/40 window, one of the most densely populated areas of the world, an unprecedented number of people would be killed in a nuclear war. Satan is here to “kill and destroy.”

The West and much of the rest of the world seemed to be oblivious to this. President Trump was in Vietnam with President Kim Jong-un trying to stop North Korea from developing and using nuclear weapons. Meanwhile, just a few countries away, there was a real possibility of nuclear war taking place. Satan was “blinding eyes.”

Those in the world whose eyes were open were China, Russia, and a Muslim coalition that Saudi Arabia and Turkey and other Muslim countries had asked Pakistan to lead and formulate, which led to their falling in line behind Pakistan.

Pakistani Christians have expressed to me that what Khan did was a more Christian action than many of them would have done.

BUT GOD What is impossible with man is possible with God.

WHY? PRAYER. United Prayer. You in IPC were praying, and many other groups around the world were praying. When we come together in unity it allows God to perform the impossible.

Christians in both India and Pakistan were praying. India has a strong prayer movement.

In Pakistan we have learned in the past that when India and Pakistan are on the brink of war, there are certain demonic centers that control much of this activity. We have learned to go to these places and pray; several times war has been averted within 3 to 7 days. I am now learning that prayer teams went to some of these places in Pakistan as war was escalating.

United Prayer stopped this catastrophe.

Thank you for your prayers.

Please CONTINUE PRAYING, this emergency is not over yet. Any spark could ignite a nuclear war. .

- **India - retaliating.** India’s elections are soon to take place. Prime Minister Modi has lost one of his best campaign platforms - beating the war drums.
- **Pakistan – The Jaish-e-Mohammad (JeM) terrorists making another hit (It is not that easy to take out terrorists. Their leaders have been taken out in the past and they have regrouped. Recently they have been arrested again. May they not be motivated by Satan to carry out some kind of attack to show that they are still alive.)**

May you be encouraged! What a wonderful illustration of United Prayer.
“With man this is impossible, but with God all things are possible.”

Submitted by an anonymous Prayer Leader who has lived most of his life in both countries.

13 Bosnia: Bible Translation Projects

The Bible, New Testament, and other Christian literature have gone out across Bosnia and Herzegovina.

Recent translation projects of the Bible in the modern language and other Christian books are also underway.

Let it Rain

As the rain and the snow come down from heaven, and do not return to it without watering the earth and making it bud and flourish, so that it yields seed for the sower and bread for the eater, so is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it.

You will go out in joy and be led forth in peace; the mountains and hills will burst into song before you, and all the trees of the field will clap their hands.

Instead of the thornbush will grow the juniper, and instead of briars the myrtle will grow. This will be for the Lord's renown, for an everlasting sign, that will endure forever." Isaiah 55:10-13

Pray for these powerful communication tools to produce salvation and righteousness in the hearts of people in Bosnia.

Pray that Jesus would be honored, worshiped and known as the life-giving Son.

Pray that Bibles and other Christian materials would be taken off the shelves in people's homes today.

May the powerful Word of God be like rain on dry land.

Pray that people in Bosnia would understand God's Word and come to Him.

14 Nigeria: 120 Christians killed in Three Weeks

The recent death toll of Christians in Nigeria has reached 120 with this week's slaughter of more than 50 by Fulani Muslim militants in the Kaduna state of Nigeria, the Christian Post reported.

The Fulani jihadists, who have become a greater threat to Nigerian Christians than the Islamist terror group Boko Haram, stormed the villages of Inkirimi, Dogonnoma, and Ungwan Gora in the Kajuru Local Government Area last Monday, destroying 143 homes, killing 52 people, and wounding dozens more.

The assailants reportedly split into three groups, the first of which fired upon the people, the second set fire to buildings, and the third chased down people fleeing from the scene. Victims of the assault included women and children.

Monday's incident followed an attack the day before in the UngwanBarde village in Kajuru, where 17 Christians were killed and dozens of homes were burned.

In the first week of March, Muslim extremists massacred more than 30 Christians in Karamar village, setting fire to several houses and a church. The terrorists reportedly shot at families trying to escape the fire, killing 32.

The spate of recent attacks against communities has taken place within the predominantly Christian Adara chiefdom of southern Kaduna.

The governor of Kaduna state, Nasir El-Rufai, has imposed a dusk-to-dawn curfew on the Kajuru Local Government Area to try to contain the violence.

In late February, militants attacked the Maro village, killing 38 Christians and torching homes as well as a Christian church.

The Christian Post reported that Fulani militants killed thousands of Christians in 2018 alone in what many are calling a Christian genocide in Nigeria's Middle Belt.

Last December, a leading Anglican bishop in Nigeria, Dr. Benjamin ArgakKwashi, said that the Muslim Fulani militants represent the number one terrorist threat facing Christians in Nigeria.

"The government is able to provide protection [to the Christians], but what's obvious to everybody is that the government is unwilling," Kwashi told Breitbart News.

"The Fulani herdsmen are a bigger threat," Kwashi added. "Boko Haram operates in the northeast and scantily moves into other areas, but the Fulani herdsmen are widespread. They're everywhere now. So the Fulani are a bigger threat."

Pray that the perpetrators of these attacks will be caught and held to account for their actions.

Pray for the victims and their families – that they will be conscious of the Heavenly Father's love surrounding them in their grief and suffering.

Pray that the Fulani jihadists and Boko Haram will be hampered in all their efforts to bring terror to the Christians and minority groups.

Pray for wisdom and strength of character for the State Governors and military commanders as they take control of these difficult situations.

15 United Nations: Family & Life Issues Controversies

Sharon Slater, President of Family Watch International brings news of major Transgender, Abortion, and Sexual Rights Controversies that have erupted at the United Nations...

The outrageous, deceptive tactics and methods used this past week both at UN headquarters in New York and at the UN Human Rights Council are beyond compare.

We report to you on two major developments that erupted at the UN on Friday 22nd March 2019 on critical family and life issues.

They lie, they cheat, they bully, and they abuse the UN system, all because they know they cannot get their radical agendas adopted by the body of UN Member States in open, transparent negotiations.

We are pleased to report to you that more than one-third of the UN Human Rights Council members took the serious step of disassociating from South Africa's transgender resolution on women in sport!

Thank you to everyone who helped by emailing and faxing messages to South Africa and other HRC Member States!

See the joint statement from these countries here. <https://familywatch.org/17280-2/#.XJ0Az5j7RhE>

We also report on the underhanded, disrespectful, abusive tactics used at the UN Commission on the Status of Women to pretend that nations reached "consensus" on multiple radical provisions.

For weeks, many nations repeatedly and strongly contested multiple provisions promoting abortion, gender/transgender confusion, comprehensive sexuality education, radical sexual rights, and much more.

Yet the Kenyan ambassador facilitating the negotiations completely ignored their calls for deletion and included most every controversial paragraph, while pretending they represented the consensus of the group.

Powerful provisions on the family as the "fundamental unit of society" and other aspects were all gutted, despite the insistence by multiple countries for their inclusion. The 50-plus references to the family throughout the document and strong references to mothers and fathers had been either deleted from the final text or twisted in meaning.

The straw that broke the camel's back was likely when a paragraph calling for the document to be implemented with respect for national sovereignty and religious and cultural values was abruptly deleted from the document by the facilitator with no discussion. This sovereignty provision was backed by the entire African voting bloc and many other Member States.

Ironically, in the end, the openly biased chair from Ireland announced that the working document for CSW called "Agreed Conclusions" had been "agreed" with consensus. She did this immediately after listening to the strong, emotional statements of two CSW member states (Saudi Arabia and Bahrain) calling out many of the procedural abuses during the negotiations and announcing their countries were withholding consensus from "Agreed Conclusions."

See the strong, pointed statement from Saudi Arabia outlining the many abuses here: <https://familywatch.org/saudi-csw-63-statement/#.XJ0Bo5j7RhE>

Yet another joint statement was read from the floor by the country of Comoros, signed by 18 Member States (Bahrain, Belarus, Cameroon, Comoros, Djibouti, Libya, Indonesia, Iraq, Iran, Gambia, Malaysia, Mauritania, Nicaragua, Pakistan, Russian Federation, Sudan, Zambia and Zimbabwe), expressing their outrage for the abuses of the process during the negotiations, and in particular on how the family paragraphs were handled.

To witness firsthand the length and depth to which abortion, sexual rights, and transgender ideology activists will stoop to force their agenda on the world was breathtaking to say the least. You can watch a video of the atrocities as they unfolded here: <http://webtv.un.org/meetings-events/watch/14th-plenary-meeting-commission-on-the-status-of-women-csw63-2019-action-on-draft-proposals-action-on-draft-agreed-conclusions-action-on-any-other-outstanding-issues/6017175833001/?term=#.XJZxtfcD3Ec.email>

We predict big changes are coming to the UN as many UN Member States are now finally sufficiently angry to say enough is enough.

The radicals have finally gone too far, and they are going to regret what they did at CSW this year as the backlash is going to be strong.

Our Family Watch team covering both Geneva and New York is grateful for all you did to support our grueling work these past few weeks as we worked to be your voice in protecting family, life, and children at the UN.

Sharon Slater - President
Family Watch International

Praise God for the work of Family Watch and other advocates and agencies who are upholding biblical values, the sanctity of Christian marriage and the family.

Pray that the underhanded tactics being deployed by the officials will come into the light and that these provisions can be revisited and discussed with equity and transparency.

16 Russia: Putin Signs Law Endangering Free Speech

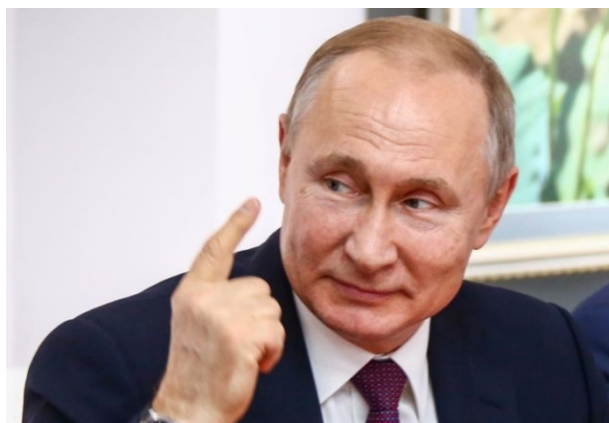

President Vladimir Putin has signed legislation enabling Russian authorities to block websites and hand out punishment for "fake news" and material deemed insulting to the state or the public.

The two bills that critics see as part of a Kremlin effort to increase control over the Internet and stifle dissent were signed by the president on March 18, according to posts on the government portal for legal information.

The new legislation allows the authorities to block websites or Internet accounts that publish what they deem to be "fake news" and penalizing those who post material found to be insulting to state officials, state symbols, or Russian society.

The parliament's upper chamber, the Federation Council, approved the bills on March 13 after the lower chamber, the State Duma, gave final approval to the proposed legislation on March 7.

On March 11, the Russian Presidential Council for Development of Civil Society and Human Rights urged the upper house to send the bills back to the Duma to be reworked.

The presidential council, whose advice is often ignored by Putin, cited the European Convention on Human Rights and said that freedom of expression cannot be restricted exclusively due to doubts about whether what is being expressed is true.

The new law empowers the prosecutor-general and his deputies to determine what constitutes fake news without a court decision, after which the state media and communications watchdog Roskomnadzor would block the site or account.

The law sets fines for publishing "fake news" at up to 100,000 rubles (\$1,525) for individuals, 200,000 rubles for public officials, and 500,000 rubles for companies.

The law says publications officially registered with Roskomnadzor, including online media outlets, will be given a chance to remove reports deemed as fake news before their websites are blocked.

It says websites that are not registered with Roskomnadzor will be blocked without warning.

The law also establishes fines of up to 100,000 rubles for insulting the Russian authorities, government agencies, the state, the public, the flag, or the constitution.

Repeat offenders will face bigger fines and can be jailed for up to 15 days.

Roskomnadzor will give Internet users 24 hours to remove material deemed by the prosecutor-general or his deputies to be insulting to the state or society, and those that fail to do so will be blocked, the law says.

In January, after the State Duma approved the bills in their first readings, Russian opposition politician Ilya Yashin said: "These are crazy bills."

"How can they prohibit people from criticizing the authorities?" he added.

Pray against this apparent state censorship.

Pray for those campaigning for the need to preserve freedom of speech and fundamental human rights.

Pray for the Christian Church in Russia that they will have a strong voice and that they will be fearless.

17 EU - Hungary's Orban warns of impending migrant crisis

EU leaders have not made themselves accountable to their citizens. This is evident in the EU's commitment to a reckless open-door immigration policy which has brought a massive wave of crime and jihad attacks to Europe. But EU leaders have bowed in dhimmitude to the Islamic supremacist will, using "kindness," "diversity," "multiculturalism," etc., as a cover. No reasonable person should think that supporting responsible immigration policies equates to racism.

The self-inflicted crisis across Europe is clear in the fact that as of the end of 2016, European taxpayers had paid \$767,029,491 USD to Turkey under an agreement the EU made regarding migrants, with "hundreds of millions more in the pipeline." Instead of erecting walls and exercising their right to sovereignty, Western

leaders made themselves stooges to Islamic supremacists, who keep demanding more concessions. Also at the end of 2016, Turkey's President Recep Tayyip Erdogan threatened to "open the floodgates of migrants into Europe" because he was upset about the suspension of talks on Turkey's membership into the EU. Imagine a despot such as Erdogan being an EU member, with his visions of reviving the Ottoman Empire, and his ambitions to criminalize "Islamophobia." It could still happen. European leaders still kowtow to Erdogan.

Hungarian prime minister Viktor Orbán has warned that the migrant crisis will be repeated "in an even stronger form" in due course.

Orban was referring to the strange relationship that the EU has with Erdogan. Orban warned that "the Turkish government has the sole power to decide on whether or not the millions of refugees in its country will set out for Europe," and stated that Europe is "approaching the point at which the population of the countries of the Arab world will overtake that of the European Union – and in this I haven't included sub-Saharan Africa, which is hardly able to provide for its populations."

The EU is finished unless the reasonable members of the Union exit fast and/or reestablish effective border control.

"Hungary PM: Migrant Crisis 'Will Happen Again In an Even Stronger Form,'" by Jack Montgomery, Breitbart, March 4, 2019:

Hungarian prime minister Viktor Orbán has warned that the migrant crisis will be repeated "in an even stronger form" in due course, in a combative interview with the German press.

The Fidesz leader has positioned himself in the vanguard of a coalition of conservative and national populist parties hoping to tip the balance of power in the European Union away from the pro-open borders establishment of centrist-globalist parties in the upcoming European Parliament elections, and in favour of a rising pro-sovereignty, anti-mass migration faction.

In an interview with the Germany Sunday newspaper Welt am Sonntag, in which Orbán was challenged at length on a poster campaign featuring European Commission president Jean-Claude Juncker alongside billionaire plutocrat and open borders activist George Soros, the Hungarian warned that "the Turkish government has the sole power to decide on whether or not the millions of refugees in its country will set out for Europe."

The flow of migrants into Europe via Turkey was stemmed - but not stopped - only as a result of the EU agreeing to a multi-billion euro deal with Ankara to control its borders, but the Near Asian country's Islamist regime has repeatedly threatened to reopen the floodgates.

"We are approaching the point at which the population of the countries of the Arab world will overtake that of the European Union – and in this I haven't included sub-Saharan Africa, which is hardly able to provide for its populations," Orbán explained, suggesting that much of this growing population could make for the generous welfare states of Europe.

Defending his poster campaign against EU chief Jean-Claude Juncker, who the Hungarians believe to be enabling an increase in immigration, the Hungarian leader noted that the Luxembourgish "commands hardly any respect" in Central Europe.

Pray for wisdom and political strength for national leaders across the EU in managing migration and implementing border controls.

Pray against manipulative threats and negative third party attempts to influence these issues.

18 More on the Most Evil Man in the World

One man has earned two titles. 1). Known as, “The most evil man in the world.” To mention George Soros’ name in Europe and many Asian countries, people immediately recognize his name – “He has bankrupted... he has tried or has destroyed our country.”

In America, he has disguised his name well. Until the last two years, few have known who he was. He is fast becoming the one known as the “man who will destroy America.” His sole motive is to make this country a socialist/communist nation. There are no scruples; nothing is wrong as long as he accomplishes the purpose of bringing the country down.

Have you ever heard of division on the House of Representatives floor? He has groups that are trained with a masterfully written manual on how to get congressmen and senators and other government people to change their votes or change their minds.

Immigration border problems - have you heard of these? I can’t say he is solely responsible for all of this but he has trained groups in many Latin American countries, gathering chosen people who join these caravans of illegal immigrants traveling north. There are lawyers on both sides of the border teaching people how to get around immigration laws. People on this side of the border who meet them and help them.

Demonstrations - made up of paid individuals who are bused in, housed, and trained in how to agitate so that the other group gets in trouble rather than themselves.

How many more groups do we want to mention? He is involved in funding 206 institutions and societies, and recently 300 more have been found. Most of these groups are led by former government employees who spend time in his training school in California with the purpose of getting everyone with the same vision on how to bring down America.

If we ever needed to be down on our knees, it is now. It is all or nothing.

Let’s look at some recent developments. How did the radical women, two of them Muslim--AOC, Rashida Tlaib and Ilham Omar --that we hear about every day get in Congress? Soros’ plan was for Obama to be followed by Clinton. When this did not happen he came out and said he would use all his influence and money to bring down Trump and the Republicans.

He beefed up the Democracy Alliance referred to as a secretive billionaire club (a great source of money) with plans to help the Democrats take Congress.

When this was not moving fast enough for the 2018 elections a new group was formed - the Justice Democrats a far, far left socialist/communist group. A media/political group. As an experiment they considered around 1000 people and finally narrowed down to 14, 10 of whom won, three in the Congress.

Each person is told exactly what they can say, for example on the floor of Congress or to news reporters. This group claims that if they push this at the same ratio in 2020 they should have a minimum of 79 who win.

Are you getting the picture? Soros brought in Muslims to start and run this group. Another scary thing is that the majority of those who won elections were this same religion.

Soros works very closely with the Muslims.

Is this man on target for 2020? Where does Soros get his spiritual genius?

Where does he get his spiritual power? I'm asking God to make it clear in the spiritual realm. But we also see a lot of the spiritual that is manifested in the physical realm. Let's start at the beginning and work our way up.

- He was born a Jew. Why does he hate God and his people? Or is he so demonically possessed that as the devil hates the Jews he too is entrapped?
- He escaped to England- his mentor Rothschild- illuminati.
- Influenced by Hindus and their ceremonies.
- Buddhist - has been to Aspen, Colorado and met with the Dalai Lama and been through demonic ceremonies.
- Islam - the deepest relationship he is embedded with. The demonic powers of Muslims – "Spirit of death".
- When I asked a group who is praying for him where they thought he was getting his spiritual power, some responded that demonic spirits guide him in his decisions.

HELP, GOD, WE ARE DROWNING.

There is only one way out. Down on our knees in unity. PRAYER.

1. Cry out, "Save us, O God our Savior; gather us and deliver us..." (I Chron.16:25)
2. As the Psalmist prayed, "Break the arm of the wicked and evil man.." (10:15) "The power of the wicked will be broken" and "the future of the wicked will be cut off "(Ps. 37:17, 38). Pray that this evil man's influence will be destroyed and that his resources to do further harm be cut off.
3. Pray that the many destructive organizations he funds be overthrown and closed down and that he and those involved with him will be given grace to repent and come to Christ.
4. Pray that any links with demonic spirits and their obvious control over Soros will be severed and broken.

19 The Peacemaking Power of Prayer – FREE BOOK

Sometimes we wonder if our seemingly puny prayers make any difference in the colossal matters affecting the wellbeing of nations.

However, Scripture tells us that God stills the “turmoil of the nations” and He “makes wars cease to the ends of the earth” (Ps. 65:7 and 46:9). He also says directly to His people, “Ask of me and I will make the nations your inheritance, the ends of the earth your possession.” (Ps. 2:8)

Of course, the most famous promise urging us to pray is the one given to Solomon, “If my people who are called by my name will humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from heaven and will forgive their sin and will heal their land.” (2 Chron.7:14)

The Peacemaking Power of Prayer is an effort to understand the awesome power of united prayer in God’s hands to turn around even the most hopeless situations of war, genocide and human suffering. It describes four international prayer initiatives for the healing of conflicts that resulted in stunning peace breakthroughs that were completely unexpected and hugely transformative for these nations.

This book in its entirety is being given to you through the attached PDF that you can download. Please have a read and be encouraged that your prayers joined with others can unleash the hand of the One who has all power to heal and deliver the nations!

20 Praying with God's Heart – James W Goll

Praying with God's Heart: The Power and Purpose of Prophetic Intercession

James Goll, the founder of God Encounters Ministries is a veteran prayer leader who has experienced many deep things in intercession. His latest book is full of wise counsel and helpful guidance for those who want to join Christ in His priestly work of intercession for our world.

As Goll writes, "Praying with God's heart moves mountains, calls forth the prophetic destiny upon a generation and brings you closer to the heart of God Himself!"

This book which is written from a charismatic perspective is both wise and balanced, full of valuable insights in the areas of prayer as travail, spiritual warfare, receiving revelatory words, and the intersection of spiritual gifts with intercession.

As a senior in prayer ministry, he also gives down to earth, practical counsel to those who want to be more available, discerning intercessors and includes a 21-day prayer guide at the end to guide the reader in implementation.

He has also produced a separate companion study guide so the book can be easily used for a prayer group or Sunday school class. You will be both delighted and blessed to get this book!

About IPC

23 About International Prayer Connect (IPC)

OUR VISION:

"Compelled by God to seek Christ's glory worldwide for the blessing, healing, and transforming of the nations, International Prayer Connect exists as a coalition of prayer networkers and mobilizers working together to motivate, develop and equip national movements and local churches to fill all nations with prayer for the fulfillment of the Great Commandment and the completion of the Great Commission."

HOW WE OPERATE:

The IPC is not an organization as such. We are a fellowship of people involved in mobilizing prayer throughout the world. We function as an international "network of networks", connecting international, regional, and national prayer ministries and networks. We also arrange or support special prayer initiatives that bring prayer leaders together from time to time to pray for matters of regional and global concern to the Body of Christ. Regional prayer summits have been arranged or supported by the IPC in most regions of the world as well as international prayer initiatives for the United Nations, Hollywood, and other issues.

The IPC is led by an international leadership team, now called the International Prayer Council, is composed of twenty leaders who coordinate regional prayer networks or international prayer initiatives of various kinds. We seek to be catalysts and connectors within the global prayer movement towards the fulfillment of Habakkuk 2:14- that "the earth will be filled with the knowledge of the glory of the Lord as the waters cover the sea."

We do not have an official membership but connect with individuals and networks through IPC Connections, a periodical newsletter distributed via e-mail to give prayer information to interested people. Please share this newsletter with prayer coordinators, prayer network leaders, and others who have an interest in the global prayer movement so that they can be informed about different prayer initiatives, existing prayer networks, and how to participate in them
